**Electric table hd 6150 steel has a sturdy stainless steel** and has a surface covered with **non-slip rubber**. Suitable for dogs of all sizes, electric table hd 6150 has an adjustable arm with steel rings lock collar and thanks to its electric motor operated by remote control facilitates the transit of the animal from the ground floor to the desktop.

### Benefits

The automated system eliminates effort.

### Useful Tips

1. For a functional use of the table is well always precisely establish an adequate height of the floor, in such a way as to ensure a correct position and convenient to the groomer.
2. Equally important is to identify correctly the arm height appropriate and proportionate to the size of the dog.
3. Before starting work please make sure you lock the screw in the arm.
